Kovilj, Serbia

✦ EDUCATION

Bachelor of Biomedical Engineering

Faculty of Technical Sciences

Commercial Technician

Economic High School

✦ SKILLS

CMS: WordPress (custom theme development, Elementor, plugin management)

Front-end: HTML5, CSS3, SCSS, basic JavaScript, Responsive Design

Tools: MS Office (Word, Excel, PowerPoint), Google Analytics (basic)

Languages: Serbian (native), English

My degree is in Biomedical Engineering, but somewhere along the way the web got me. I started exploring WordPress out of curiosity and genuinely enjoyed it — so I kept going. Now I'm looking to start building my career in web, be a real part of a team, and grow through the work.

✦ WORK EXPERIENCE

● Waitress

Bar & Lounge Moskva (2020 – 2025)

→ Five years of consistent work demonstrating reliability, strong communication and multitasking skills.

● Work and Travel Program – USA (Summer 2018)

→ Participated in the Work and Travel program, gaining international experience. Improved communication, adaptability and problem solving while collaborating with diverse teams.

✦ PROJECTS

• Personal Blog — WordPress Custom Theme (in progress)

→ Ongoing project focused on building a complete WordPress theme from scratch to deepen understanding of how WordPress works under the hood.

• Portfolio Website — HTML / SCSS / JavaScript [kristinamakarin.github.io](https://github.com/kristinamakarin)

→ Designed and developed a fully custom responsive portfolio from scratch using HTML5, CSS3/SCSS and JavaScript.
